GENERAL INFORMATION

The summer school for 1965 will operate in one session of two terms of five weeks each. Students may take two courses each term, and one physical activities course in either the first or second term. Ordinarily thirteen semester hours may be earned.

No changes in schedule will be permitted after the close of classes on Wednesday of the first week of each term. In every case such changes will require the Dean's approval, and a fee of \$2.00 will be charged.

College facilities will be available only to students registered for not less than four semester hours of work.

The residence halls will be available only to students enrolled for not less than four semester hours of work.

All college regulations which apply to students during the regular academic year, with exceptions noted above, will apply to the summer session.

Class Attendance Regulations

Freshmen, sophomores, and those on scholastic probation will be subject to the following regulations: Any freshman or sophomore who has four unauthorized absences during a term will automatically be dropped from the class with a grade of F. A total in all classes of *eight* unauthorized absences will mean that the student may be dropped from school. When a student on scholastic probation has *two* unauthorized absences, he is dropped from the class with a grade of F.

Absences will be recorded for juniors and seniors but the only regulation that will apply to them is: when such student misses one-sixth of the classes given in any course, he must have special permission from the Dean of the College to take the final examination.

Admission and Room Reservation

All students who plan to attend should fill in the blank on the back cover of this bulletin and return it to the Director of Admissions requesting a regular application form.

A student who is attending another college and plans to be here for the summer school only should have a statement of good standing sent from that college to the Director of Admissions of Alabama College at least a week prior to the opening

date of summer school. No transfer student may be admitted until an official transcript from the institution from which he is transferring has been received and approved.

Registration

Registration for the first term will be held Monday, June 7; and registration for the second term will be held Monday, July 12. No student will be permitted to enroll after the beginning of classes without special permission of the Dean of the College. If such permission is granted, a late registration fee will be charged.

COST OF ATTENDANCE

| | |
|---|----------|
| *Room, board, and laundry, per term | \$110.00 |
| Sales tax on board, per term | 1.60 |
| College and credit hour fee, per term | 60.00 |
| <hr/> | |
| Total cost per term | \$171.60 |
| Out-of-state fee, per term | \$ 50.00 |

The rates above are for students who reside in Alabama and who attend for the entire term. It should be noted that no additional laboratory, activity, or other special fees are charged, except for private music lessons and musical instruments as indicated by catalog sections dealing with music programs. This system of summary charges is used by Alabama College because it presents accurately the charges made to students. This fact should be borne in mind when considering cost comparisons where varied and special charges are made.

When a student registers for less than five hours, he will be charged at the rate of \$12.50 per semester hour, with a minimum charge of \$25.00.

Music fees:

Applied music carries the college fee plus a charge of \$24.00 for each term.

Charges for children:

Children living in the dormitory with their parent or parents will be charged as follows:

*Charges are based on two occupants in a room. An additional charge will be made when a student occupies a room to himself. An additional charge of \$10.00 per person per term will be made for occupancy of an air-conditioned residence hall. This applies to men students and to family groups who might wish to occupy one of the air-conditioned residence halls. These charges are based on the assumption that students bring their own linens. Laundry limited to twelve pounds per week. A charge of 10c per pound for each pound in excess of twelve pounds.

Any child under eight years of age will pay one-half of room, board, and laundry. A child of eight years of age and under twelve years of age will pay two-thirds of the regular rate for room, board, and laundry. Any child twelve and over will pay full price for room, board, and laundry.

For cost of attending the elementary or high school see pages 7 and 15.

For cost of attendance for special clinics and institutes to be held during the summer school, write to the director of the clinic or institute in which you are interested.

Housing Facilities and Board for Adults and Children

Room and meals on the College campus will be available for men, women, and for families.

Married students and graduate students may secure room, board, or facilities for light housekeeping in many homes and apartment houses in the town of Montevallo at reasonable rates.

Refund of Fees

No fees, except those for room, board and laundry, will be refunded to those students who withdraw after completing their registration for a summer school term.

A student who withdraws before completion of a term is charged \$3.25 per day for room, board, and laundry from the opening of the term until notice of his withdrawal is received by either the Dean of Men or Dean of Women.

COURSES OFFERED

Courses are offered in art, biology, business administration, chemistry, economics, education, English, geography, geology, history, home economics, mathematics, music, philosophy, physical education, physics, political science, psychology, religion, sociology, and speech.

Introduction of New Courses and Elimination of Announced Courses

The right is reserved to introduce new courses for which there is adequate demand and to eliminate courses for which the enrollment is insufficient. Ten students per class is the minimum enrollment except in special cases.

Teachers Certificates

Requirements for the issuance and reinstatement of the several types of Alabama teachers certificates may be met by work completed in summer school. Those interested in securing a certificate through summer school work at Alabama College may obtain full information from the Summer School Director. Those interested in reinstating a certificate are requested to bring their old one with them.

Teachers who have held lower class certificates may still work toward the completion of requirements for Class C, Class D, and Class E Non-professional certificates.

The Alabama State Department of Education has set up a certificate to be issued until further notice. It is the Defense Certificate and will be issued upon request of a county or city superintendent to a person who has had as much as one year of college work. This is not a regular teaching certificate, and the holder is not entitled to the benefits of the tenure law.

THE GRADUATE DIVISION

Alabama College offers a program of graduate study in elementary and secondary education with majors in the following fields: American studies, biology, counselling and guidance, education, English, general science, home economics, history, psychology, speech and speech correction. This program leads to the degree of Master of Arts in Teaching.

Admission to the Graduate Division is based on a C+ average on undergraduate work, and/or a satisfactory score on the Graduate Record Examination. The Aptitude and Area Tests are required. Graduate Record Examinations are given several times each year in Alabama. Those entering the Division before the Graduate Record Examinations scores are available will be admitted on a tentative basis only. Undergraduate credit only will be granted for courses when admission requirements are not met.

The Graduate Record Examinations for admission for those working towards a degree will be given on the campus on June 7 and 8. Examinations are required of all applicants who enroll for work towards the degree. A fee of \$5.00 will be charged, and applicants will be admitted to the examinations only upon presentation of a receipt from the Business Office.

Those desiring to begin graduate work this summer should write for the graduate bulletin and for an application blank to

enter the graduate program. It is important to complete the application and return it to the Director of Admissions, and have official transcripts of all undergraduate credits sent at least two weeks before the opening of the summer session.

In the description of courses given in this bulletin to be offered this summer, courses numbered 300 and 400 which are marked with an asterisk (*) are open to both graduate and undergraduate students and will carry undergraduate or graduate credit. Courses numbered 500 are open only to graduate students and will carry only graduate credit.

Pupils Eligible for Montevallo Public Schools — Costs — Living Arrangements

A limited number of pupils from outside the town of Montevallo can be accepted in both the elementary and the high school. Pupils of parents attending summer school at Alabama College will be given preference in attending these schools. Elementary school pupils will be charged a registration fee of \$15.00, and pupils in the junior and senior high schools will pay registration fees of \$17.50 and \$20.00 respectively. Pupils may live with parents in a college dormitory or make living arrangements in town. For dormitory costs, see pages 4 and 5.

INSTITUTE FOR HIGH SCHOOL SCIENCE TEACHERS

June 7-August 14

An Institute for High School Science Teachers, sponsored by the National Science Foundation and Alabama College, will be offered again in the summer of 1965. Courses in biology, geology, physics, chemistry, and mathematics will be given for the high school science teacher. The courses will carry both graduate and undergraduate credit as indicated by the numbers assigned them. A student with insufficient background in the sciences may register in this Institute for undergraduate courses in science.

Scholarships will be awarded for science teachers in Alabama and neighboring states. A limited number of regular summer school students may enroll for one of these courses by special permission.

Those interested in this Institute should apply to the Director of the Science Institute.

A description of the courses will be found under the departments of biology, chemistry, and physics and mathematics.

WORKSHOP IN SPEECH AND THEATRE FOR YOUNG PEOPLE

June 7-12

College, state, and national authorities will lecture and demonstrate principles and techniques. Open to classroom teachers, directors and sponsors of theatre for young people, and others who may be interested. May be taken for credit or audited.

WORKSHOP IN SPEECH AND HEARING DEFECTS

July 12-17

Lecture, demonstration and supervised class participation. Examination of speech and hearing defects with emphasis on methods of screening testing available to the non-specialist in speech therapy, criteria for referral and follow-up procedures. Course is designed for classroom teachers, public health and social work personnel, and others. May be taken for credit or audited.

WORKSHOP IN SPECIAL PROBLEMS IN HOME ECONOMICS EDUCATION

June 8-26

Audio-visual materials and methods in helping high school pupils to understand concepts and to develop generalizations relative to personal and family problems will be presented.

Speech and Hearing Clinic

June 7-July 10

Alabama College will provide living accommodations for a limited number of elementary and high school students with speech and hearing defects. The five-week clinic affords for these students the therapy so vital to them and, at the same time, provides opportunity for supervised therapy training for speech correction majors and for observation to other interested professional personnel.

For further information write to Dr. Laura Wright, Alabama College.

DEPARTMENTAL OFFERINGS

Courses numbered 100 through 400 are open to undergraduate students. Courses numbered 300 and 400 which are marked with an asterisk (*) may be taken by graduate students for graduate credit. Courses numbered 500 are open only to graduate students.

EDUCATION

The letters E (elementary) and/or S (secondary) following the title of a course that carries graduate credit will indicate whether the course may be used in the elementary education program, in the secondary education program, or in either program. Any education or psychology course approved by a graduate student's adviser may be included in the combined elementary-secondary program.

The workshop in elementary education has been discontinued, but virtually the same courses are offered separately. Directed teaching may be done in the elementary grades or in certain subjects in the high school. Since it may be necessary to give priority to students who are nearing graduation, requests for student teaching assignments should be sent before June 1 to: Chairman, Department of Education, Reynolds Hall.
